ISACorps - Community Worker Position

For over sixty years, students have been a top priority at the Illinois Student Assistance Commission (ISAC). Our steadfast commitment to college completion is reflected in our mission of making college accessible and affordable for all Illinois students.

The ISACorps program provides a unique opportunity for recent college graduates to gain valuable work experience. By becoming an ISACorps member you will be exposed to a variety of educational settings and help make a difference in the lives of students. You will work with all types of Illinois students and parents as they navigate the complicated college and financial aid application process, especially for students who will be the first in their family to go to college and/or are from low-income households. Many former Corps members can be found working in high schools, colleges, non-profits, and other industries throughout Illinois.

Job Duties:

Provide accurate, complete, and sensitive counsel to students facing academic, financial, and social barriers to higher education.

Deliver quality curriculum and presentations to Illinois students and their parents.

Represent ISAC in the classroom setting, parent information nights, and college preparation events.

Promote programs and services offered by ISAC to communities throughout the state.

Provide technically proficient, yet easily accessible advice and information to the parents of potentially college-bound students on the college admission and financial aid application process.

Locations:

Corps members are placed in community college districts to work with select middle schools or high schools throughout the district.
