Social Media Promotion: Would you like for your event to be promoted via ISAC’s social media and listed on ISAC’s Student Portal (<https://studentportal.isac.org/events>)? Yes No

College Changes Everything Campaign

Yes! Please have a Corps member contact me so that we can become a College Changes Everything (CCE) site by having a financial aid application **and** college application workshop.

CCE sites will receive free promotional materials for their workshops, along with some CCE t-shirts while supplies last.

Financial Aid & Literacy

The Financial Aid Process Presentation (45 minutes – 1-hour presentation) *Available in English and Spanish*
This session outlines the general financial aid process and provides insight on how financial aid works, how to apply for it, student eligibility, and how it can be used to help pay for college. It introduces the *Free Application for Federal Student Aid* (FAFSA) and the *Alternative Application for Illinois Financial Aid*, along with summarizing state and federal aid programs among other topics.

Financial Aid Application Completion Workshop – (seniors & college students; 1 – 1½ hours)
During this workshop students will be able to get questions answered to complete either the *Free Application for Federal Student Aid* (FAFSA) or the *Alternative Application for Illinois Financial Aid (Alternative Application)* for qualifying undocumented. These are the forms used to apply for financial aid, such as the Federal Pell Grant and/or the Illinois Monetary Award Program (MAP). Many colleges also use these forms to consider students for institutional money. Individuals must create an FSA ID at least three business days prior to the workshop to be able to start the FAFSA. Students and parents use their FSA ID to provide approval for the transfer of tax and income information from the IRS to the FAFSA. Please note that the FSA ID is not used with the Alternative Application. Individuals should have information regarding their income and asset information readily available.

FSA ID workshop – (juniors & seniors; approximately 45 min)
Attendees will be given information on how to obtain an FSA ID, and ISAC staff will be available to answer individual questions and troubleshoot any issues. An FSA ID is required for an individual to start a FAFSA and to approve the transfer of income and tax information from the IRS to the FAFSA. An FSA ID can be created by all students and parents with a social security number.

FAFSA Follow-Up - (seniors; approx. 30 minutes)
Many students and their families have additional questions after completing the FAFSA. This presentation addresses what happens after a FAFSA is completed, including the SAR (Student Aid Report), completing the verification process, reviewing financial aid offers from colleges using ISAC's interactive tool, how financial aid is disbursed, and addressing extenuating circumstances.

College Knowledge Jeopardy - (freshmen through seniors; approx. 60 minutes)
This presentation is meant to motivate students to go to college and teach them more about the process. Presented in an engaging multimedia format, this activity is available in two difficulty tiers: beginner and expert. Topics include paying for college, types of colleges, college admissions, and picking a major.

All about Scholarships - (juniors and seniors; approx. 30 minutes)
This introduction to the process of applying for scholarships addresses the basics of a scholarship application, along with tips on how to submit a successful application. It is designed to flexibly integrate high school resources while informing students of reputable sources of information.

Scholarships for Aspiring Educators - (juniors, seniors, college students, and returning adults; approx. 30 min)
Aspiring educators wishing to teach in Illinois have various options to help accomplish their goal. In this presentation a general overview will be given of the various teaching scholarships available to future educators, including the Minority Teachers of Illinois (MTI) scholarship, Illinois Special Education Teacher Tuition Waiver (SETTW), Early Childhood Access Consortium for Equity (ECACE) scholarship, and Golden Apple scholarship.

Financial Aid Offer Comparison Workshop - (parents and seniors; 1 – 1½ hours)

This workshop is designed to help seniors and parents evaluate financial aid offers from colleges. Corps members begin with a brief presentation on financial aid and how to read and evaluate financial aid offers. With the help of a comparison worksheet (paper or online form), families compare financial aid offers while Corps members provide one-on-one support as needed. This workshop is held after students have received their financial aid offer from the college(s) to which they have been admitted.

Managing College Costs - (parents and seniors; approx. 45 minutes)

The goal of this presentation is to get students thinking about their college budget. Topics include how to plan your college financing, as well as strategies for saving money without losing out on academic opportunities. Increasing a student's financial base, scholarships, and working on campus are also discussed.

Postsecondary Education, Exploration, Preparation & Selection

College is Possible (middle school students & parents; 45 minutes to 1 hour) *Available in English and Spanish* It is never too early to start planning for college. This presentation outlines the college and financial aid processes in general terms, lays the groundwork for what to expect with the college-going process, and provides tips and tools students and parents can use to learn more about planning, applying, and paying for a postsecondary education.

Welcome to High School - (8th graders, freshmen, and sophomores; approx. 30 minutes)

This presentation introduces 8th graders, freshmen, and sophomores to the importance of high school and how to make the most of it to prepare for college. Students will learn the important basic information about college, as well as how they can prepare for college academically and socially during high school.

College Application Process - (juniors and seniors; approx. 45 minutes)

Applying to colleges can be daunting. Through this presentation, juniors and seniors will learn the ins and outs of the college application process, including typical components of college applications, the timeline and logistics of the college application process, tips on personal statements/essays, and basic financial aid information. Students will also learn about helpful resources they can use to prepare for standardized tests often required for college admissions.

College Application Workshop – (seniors and college students; 1 – 1½ hours)

ISAC has partnered with the American College Application Campaign to promote applying to college in a timely fashion, especially for first gen students. As part of this campaign, Corps members will assist students with completing college applications to the college(s) of their choice. Schools are encouraged to work with ISAC staff to hold other activities, such as career exploration, college search, essay workshop, etc., prior to the application workshop so that students can successfully submit a complete application. Ideally, the workshop is conducted in a computer lab.

College 101 - (juniors and seniors; approx. 45 minutes)

Typically, people hear “college” and assume it means living away from home to attend a 4-year university. This presentation covers detailed information about various post-secondary options and why it is important to start thinking about life after high school. Topics include but not limited to types of colleges and how to research colleges, college match, and importance of college visits.

Headed to College - (seniors; approx. 30 minutes)

As recent college graduates, Corps members offer an important perspective to high school seniors as they prepare to transition into college. This presentation is a practical discussion regarding that transition, particularly behaviors and characteristics that will help assure it is a smooth one. The presentation covers common college resources and important logistical information, like how to accept financial aid and manage the student billing process.

Being a First Generation College Student - (seniors; 30-60 minutes)

Transitioning to college can be a challenge for many students, but for students who will be the first in their family to obtain a college credential, it holds some additional challenges. Common questions and concerns of first generation college students are discussed along with highlighting the various campus resources available to help support students. Strategies and suggestions from others that have successfully navigated the college experience as a first-generation college student are also shared. Individuals will be invited to join the First Generation Scholars Network, which will help support them over the summer after senior year and connect them to resources at the campus of the college they will be attending.

Career Exploration & Development

Claim Your Future – (middle school through seniors; 30 – 60 minutes)

This interactive activity encourages exploration of education and training after high school, future careers, and money management. Ideal for groups of 30 or smaller.

Connect the Dots - (8th graders, freshmen, and sophomores; approx. 45 minutes, in-person event)

In a presentation and engaging career activity, students connect post-secondary education with career options. The brief presentation introduces students to ways they can identify their interests and explore related careers, and the basics of post-secondary education, including how to prepare in high school.

Parent Engagement

Overview of ISAC Services – (parents; approximately 30 minutes) *Available in English and Spanish*

ISAC provides numerous services and initiatives for students and their families that can assist them with their postsecondary plans. An overview of these free services and initiatives will be given along with how parents can benefit from them and utilize them to help support their student.

COLLEGE CHANGES EVERYTHING®

Parent Conversations – (30 – 60 minutes per session) *Available in English and Spanish*

Parents and other adult family members of first generation college students are often unfamiliar with the college application and financial aid process that their students face. Through this series of five separate informal, interactive conversations, ISAC's parent outreach coordinators will address the core elements of the US educational system; discuss strategies for career exploration; discuss and explain the different types of postsecondary institutions; provide a general overview of the financial aid process and terminology; and how those who may be new to the college-going process can support their student with their postsecondary plans.

Supporting Your High School Student – (approx. 60 min per presentation) *Available in English & Spanish*

Parents and other family members can play an integral role in helping get their students ready for college. This series of four presentations address and discuss the various activities and tasks at each high school grade level that parents and other adult family members can conduct to help support their student and prepare them for the postsecondary path that best fits their needs and goals.
