

Illinois Student Assistance Commission Corps

Help Make College a Reality for Students Across Illinois!

For over sixty years, students have been a top priority at the Illinois Student Assistance Commission (ISAC). Our steadfast commitment to college completion is reflected in our mission of making college accessible and affordable for all Illinois students.

ISAC is currently recruiting for the 2020-2021 Corps. The agency has several job openings in its Corps for recent college graduates interested in working with middle and high school students and their parents as they navigate the college going process, especially for students who will be the first in their family to go to college and/or are from low-income households. The Corps program provides a unique opportunity for recent college graduates to gain work experience in a variety of education settings and help make a difference in the lives of students. The focus of the Corps is to increase the number of low-income students who are prepared to enter and succeed in postsecondary education. As a result of their work, Corps members have presented at state and national conferences, transitioned to graduate school, and moved on to other exciting positions within education.

Job Duties

- Provide accurate, complete, and sensitive counsel to students facing academic, financial, and social barriers to higher education
- Deliver quality presentations to middle and high school student and their parents
- Represent ISAC at college fairs, financial aid nights, conferences, and college preparation events in a variety of settings including the classroom
- Promote programs and services offered by ISAC to communities throughout the state
- Provide technically proficient, yet easily accessible advice and information to the parents of potentially college-bound students on the college admission and financial aid application process
